10. [redacted] Left with Jim Cline, on the staff of the House Immigration Subcommittee, an advance copy of the unclassified "World Opium Survey" dated July 1972 but told him that we were under strict instructions from the White House on the dissemination of this document and its contents should not be revealed prior to its release by the Cabinet Committee on the 16th of August. I suggested to Cline that under the circumstances it might be better for us to try to make available to Chairman Rodino a copy of the classified version of this Survey which was put out in February of this year and which would have to be treated as classified. Cline agreed with this approach and said he would hold the unclassified version himself for safekeeping. 25X1
